

Advanced performance High productivity

Epson's advanced sheetfed scanners combine high-performance scanning with easy-to-use processing capabilities. Ideal for busy offices and demanding front-of-house applications, where speed and document integrity are often of the utmost importance.

Endurance

Enjoy production-level performance, scanning up to 85 pages per minute. With an impressive duty cycle of up to 9,000 pages per day, you're able to meet high demands and handle challenging media.

Precision

Ensure fragile, damaged and difficult documents are captured with ease, thanks to advanced job processing. Paper protection, double feed and dirt detection warning allows documents to be captured carefully and precisely, from 27gsm to 413gsm.

Easy to use

Streamline tasks and speed up workflows, with an intuitive software user interface and advanced features, which automatically sort and separate batches of documents.

Compact

Utilising its compact design, these sheetfed scanners can be positioned in front offices and customer-facing environments for ease of access.

High capacity Maximised productivity

When speed and performance are your priority, these advanced sheetfed scanners offer class-leading performance that delivers fast and accurate results.

A comprehensive suite of Epson Scan software for advanced imaging technology allows for smart solutions, including: searchable PDFs, advanced colour dropouts, automatic de-skew, PDF security functions and many more.
